

GET TO THE ROOT OF SLEEP PROBLEMS

The body needs a good night's sleep to maintain its natural health. It is estimated that 75% of adults and 25% of children experience sleep problems. The impact of sleep problems can be devastating to health and wellbeing. NutraThera® Sleep Aid is a natural product which offers a two-step solution to a complex problem. For immediate results, it combines proven sleep aids in a proprietary formula that enhances their effectiveness.

For long term support, NutraThera® Sleep Aid attacks the root of many sleep problems.

Toxins are one of the primary causes of poor sleep. Toxins in the brain affect electrical activity and can impact a number of functions controlling sleep. These toxins build up slowly over time. NutraThera® Sleep Aid helps eliminate this build-up and starts you on the road to a restful night's sleep.

Manufactured for NutraThera, LLC

Sleep Aid

EASY TO TAKE FAST ACTING LIQUID

NutraThera® Sleep Aid provides a proprietary blend of fast acting sleep aids. The patent pending Sodium Aluminosilicate mineral and Vitamin C combination works to address long term sleep issues*.

Increased dreams*, more energy*, less afternoon drowsiness*, and improved concentration* are some of the indications that NutraThera® Sleep Aid is working for you. Each night's use helps provide an improved night's sleep.

For faster results, take NutraThera® Clean Slate every morning. After three months, you may replace NutraThera® Sleep Aid in the evening with another dose of NutraThera® Clean Slate and notice how much better you're sleeping—Naturally!

Take NutraThera® Sleep Aid an hour before bedtime. It can be used any time at night to help you get back to sleep quickly. NutraThera® Sleep Aid is not habit forming and does not give you a morning fog* or grogginess*.
