

Directions: As a dietary supplement, adults take one tablet daily with meals, or as directed by a health care professional.

Potassium is a macromineral and is found mostly inside the cells. It is needed to help stimulate nerve impulses for muscle contractions and acts with other electrolytes to regulate body fluids. Helps to maintain an alkaline pH and acts as a stimulant to the kidneys. Assists in conversion of glucose to glycogen for carbohydrate metabolism and supports healthy adrenal function as well as heart function.†

Store in a cool, dry place and away from direct light.

KEEP OUT OF REACH OF CHILDREN. DO NOT USE IF SAFETY SEAL UNDER CAP IS BROKEN OR MISSING.
