

EVIDENCE-BASED

Fluctuations and imbalances in neurotransmitters may predispose functional changes in mood. Ele-Max® provides nutrient cofactors, amino acid precursors and standardized botanicals specially formulated to support normal levels of endogenous neurochemicals.*

Recommendations: Take 1 UltraCap™ twice daily, or as directed by your healthcare practitioner.

Not recommended for use if pregnant or nursing.

If taking prescription drugs, consult your healthcare practitioner prior to use.

Contains no sugar, salt, yeast, wheat, gluten, corn, soy, dairy products, artificial coloring, artificial flavoring, or preservatives. This product contains natural ingredients; color variations are normal.

Niacin™ is our preparation of "flush free" inositol hexaniacinate.
