

St. John's Wort promotes mental well-being and relaxation. In Europe where St. John's Wort is used extensively, scientific research has confirmed positive effects.*

This product contains standardized St. John's Wort (*Hypericum perforatum*) extract powder from the highest grade whole flowering tops, as well as 0.9 mg of hypericin. It conforms to the dosage and mode of administration as established by the German Commission E monograph.

The Ultimate Extract® process makes our St. John's Wort easier to digest and more available than plain powder, resulting in a premium St. John's Wort supplement.
