

GASTROINTESTINAL* IMMUNE SYSTEM*

AD-Pro™ supports gastrointestinal health and the immune system with a formula that combines (8000 IU) 2400 mcg RAE of high-potency antioxidant vitamin A (267% of the recommended DV) and (3000 IU) 75 mcg of vitamin D3 (375% of the recommended DV) per serving.* In addition, this formula provides the convenience of two products in one with a ratio specifically targeted to supply daily support for the gastrointestinal barrier.*

Benefits

- Provides vitamin A with a higher ratio of retinyl palmitate to beta-carotene. (Retinyl palmitate is a more biologically available form of vitamin A.*)
- Supports certain immune pathways related to mucosal health*
- Helps maintain healthy cellular function*
- Supports immune mechanisms, vision, and cell growth and development*
- Designed to support the musculoskeletal system, including calcium metabolism and bone health*
