

Alpha lipoic acid is a unique lipid and water soluble metabolic antioxidant that is a cofactor in energy production within cells. It is a potent free radical quencher and aids other vitamins in their antioxidant activity. Alpha lipoic acid is a vitamin-like compound that plays an important role in liver and metal detoxification.*

- Supports healthy blood sugar level*
- Supports vision and nerve function*
- Directly recycle vitamin C and indirectly recycle vitamin E*
- Supports synthesis of glutathione.*
