Vitamin D helps the body absorb calcium.[†] Zinc, copper and magnesium are needed for proper formation of bone.[†]

Adequate calcium and vitamin D throughout life, as part of a well-balanced diet, may reduce the risk of osteoporosis.

Caution: If you are pregnant or nursing a baby, taking any medication, or have a medical condition, consult a doctor before taking this product.

Keep out of reach of children.

Store in a dry place at room temperature (59°F-86°F).

Contains calcium citrate, which has been shown to be absorbed with or without food.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
