CVS Quality Money Back Guarantee

Does not contain milk, egg, tree nuts, peanuts, wheat, soy, gluten.

WARNING: Supplementation with omega-3 fatty acids should be avoided in patients with inherited or acquired bleeding predispositions, including those taking anticoagulants. As with any product containing omega-3 fatty acids, adhere carefully to the amount recommended by your healthcare practitioner.

KEEP OUT OF REACH OF CHILDREN. For optimal storage conditions, keep in a cool, dry place with the cap tightly closed. Protect from excessive heat or freezing.

TAMPER EVIDENT: DO NOT USE IF SEAL UNDER CAP IS BROKEN OR MISSING.

With Phospholipids for Easy Absorption§

§Unlike fish oils, krill oil carries omega-3s in the form of phospholipids — liposomes or little packages that deliver the fatty acids to your body's cells. Standard fish oils lack this phospholipid complex.

Heart Health*

CVS Health™ 100% Pure Omega-3 Krill Oil contains omega-3 fatty acids DHA and EPA. ‡**Supportive, but not conclusive research shows that consumption of DHA and EPA omega-3 fatty acids may reduce the risk of coronary heart disease.**

3x More Pure - Superba2™

¶**CVS Health™ 100% Pure Omega-3 Krill Oil** is 3x more pure than regular krill oil. Salts and other impurities are removed from Superba2™ krill oil via a patented process to provide the purest krill oil available.

No Fishy Aftertaste or Odor

Krill omega-3s actually mix with the contents in the stomach, preventing the fishy aftertaste or odor that can be experienced with fish oil.

Antioxidant Protection*

Krill oil contains astaxanthin, which is not seen in standard fish oil. Astaxanthin may help maintain cell integrity.*

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**

†350mg is the minimum fill per softgel. Due to the natural variability of **CVS Health™ 100% Pure Omega-3 Krill Oil**, each softgel may include more than 350mg to ensure label potency.

¶This product is not manufactured or distributed by RECKITT BENCKISER LLC, owner of the registered trademark MegaRed®.

What is Krill Oil?

Antarctic Krill

Krill oil contains omega-3 fatty acids, antioxidants, and a phospholipid complex. Krill are small prawn-like creatures that feed the world's most mammoth animals...the great whales. Great whales gulp down huge quantities of krill to provide the energy they need to fuel their massive bulk.

MSC-Certified Sustainable

Krill is one of the largest biomasses in the ocean. It is one of the most abundant organisms on the planet. Krill represent a renewable and positive nutrition source.

This product comes from a fishery that has been independently certified to the MSC's standard for a well-managed and sustainable fishery. www.msc.org
