

Eskimo® PurEFA™ natural stable fish oil supplement is a source of Omega-3 Fatty Acids, including eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA). One of the most clinically-validated nutritional supplements available, PurEFA has been the subject of more than 50 independent, peer reviewed, published clinical trials and studies and more than 100 scientific papers. Purity separates PurEFA from other fish oils. Produced from cold water, ocean dwelling fish, PurEFA is guaranteed free of dangerous levels of toxins and pollutants. In fact, an independent test conducted by the government of Ireland (utilizing extremely sensitive testing methods) found that PurEFA was by far the purest of 15 major brands tested. Unlike many other fish oils, PurEFA is not chemically modified to artificially increase DHA and EPA levels.

Integrative Therapeutics' evidence-based natural medicines are the only choice of doctors who rely on the fact base of premier science to deliver patient results.

Eskimo® and Natural Stable Fish Oil® are registered trademarks of Cardinova Aktiebolag.

Recommendations: Take 3 to 5 softgels daily with food, or as recommended by your healthcare practitioner.

If taking prescription drugs, consult your healthcare practitioner prior to use.
