

Chlorella Manna™ is an incredible source of full-spectrum, non-toxic, absorbable nutrients and compounds. A single-celled, green, freshwater alga, chlorella is 50–60% protein and contains all nine essential amino acids. Chlorella is the only plant on the planet that can quadruple its growth in less than one day. Chlorella Growth Factor, or CGF, is produced during photosynthesis. CGF is a potent phytonutrient comprised of amino acids, beta-glucans, nucleic acids, peptides, and polysaccharides which supports health at a cellular level. Chlorella Manna™ also supports detoxification with an abundant chlorophyll content and its ability to bind and potentially chelate toxins.*

The HealthForce SuperFoods™ Edge

Integrity: Grassroots, independently-owned company based on principles of service and compassion. Products are manufactured in FDA-registered, NSF-compliant U.S. vegan facility.

TruGanic™ Purity: Free of pesticides, GMOs, and irradiation; verified by actual testing. Additionally, all products are lab tested for botanical identity, heavy metals, microbiological activity, and gluten. We do not allow any use of fillers, binders, isolates, or flow agents. EcoFresh Nutrient Lock Packaging™ maintains the highest possible levels of nutritional and ecological integrity.
