PURITY

MegaRed® with PureTech™ is 3X MORE PURE than regular krill oil. Salts and other impurities are removed to provide the purest krill oil on the market. You can see the difference with a lighter, more translucent softgel.

ABSORPTION

MegaRed® Omega-3 Krill Oil is different. Its Omega-3s are carried in phospholipid form, the same as your body's cell membranes. This allows MegaRed® to be easily recognized and utilized, allowing for easy absorption. Just one small MegaRed® softgel provides an optimal combination of omega-3 fatty acids and the powerful antioxidant astaxanthin to support your health.★

NO FISHY AFTERTASTE

MegaRed®, easily mixes in the stomach so it doesn't leave an unpleasant aftertaste that you can experience with fish oil.

Eco-Friendly. Krill is one of earth's most abundant and sustainable organisms. The harvest of krill is well below conservative international catch guidelines.

MegaRed® goes a step further by only sourcing krill from the Antarctic where krill is most abundant. This helps the ecosystem maintain a healthy, sustainable krill population.
