Why is MegaRed® Ultra Concentrate the Superior Choice?

MORE OMEGA-3s per MG

MegaRed® is the first to give you 30% more Omega-3s per milligram compared to what you can find in regular krill oil supplements. All in just one, easy to swallow softgel.

PURITY

MegaRed® with PureTech™ is 3X MORE PURE than regular krill oil, with the removal of salts and other impurities providing the purest krill oil on the market. You can see the difference with a lighter more translucent softgel.

ABSORPTION

MegaRed® is easily recognized and utilized by your body's cell membranes, which are also phospholipid, allowing easy absorption. Just one MegaRed® softgel provides an optimal combination of omega-3 fatty acids and the powerful antioxidant astaxanthin to support your health.*

SUPPORTS THREE MARKERS OF CARDIOVASCULAR HEALTH

MegaRed® Ultra Concentrate Krill Oil contains ingredients to support three markers of cardiovascular health:*

- Omega-3 Index: The amount of omega-3 fatty acids, EPA and DHA in blood cells¹
- Triglycerides: A type of fat measured in the blood²

below conservative international catch guidelines. MegaRed® goes a step further by only sourcing krill from the Antarctic where krill is most abundant. This helps the ecosystem maintain a healthy, sustainable krill population.
