

for moms, by moms

Our family run company was founded by my mom, who raised three children while working as a nurse & certified midwife. Driven by compassion for other moms, she created Mommy's Bliss to safely and naturally bring families back to wellness. As a new mom myself, I understand how important it is to choose products that I trust to work effectively, safely and make my little ones happy!

directions

Disperse probiotic particles by shaking well before use. Yellow color is normal. Using dropper provided, dispense 5 drops for one daily serving and administer by spoon, mixed into breast milk or formula, or apply to breast during feeding. Do not add to hot food or before warming; heat will damage live probiotics. Do not place dropper in mouth. If washed, dry thoroughly before reuse.

RECOMMENDED SERVING: 5 drops daily
