To assure optimal quality, the leaves are hand-harvested at their peak of potency and are then promptly heat-dried to stabilize and extract their antioxidant catechins and flavonoids. These leaves are then shipped to our laboratory and thoroughly extracted.

We prepare our Green Tea Extract from the young leaves of *Camellia sinensis* plants which are **Certified Organically Grown** on the Ambootia Tea Plantation in Darjeeling, India without the use of chemical fertilizers, pesticides or herbicides.

LIQUID HERBAL EXTRACT

GREEN TEA

Camellia sinensis

Darjeeling Premium Grade

HERBAL SUPPLEMENT

1 fluid ounce (29.6 ml)

Green Tea Liquid Extract
