## Supplement Facts

**Serving Size: 1 Tablet**      **Servings Per Container: 30**

| Amount Per Serving | % Daily Value |
|--------------------|---------------|
|--------------------|---------------|

|                                                                |                           |
|----------------------------------------------------------------|---------------------------|
| <b>Vitamin C</b><br>(as magnesium ascorbate and ascorbic acid) | <b>100 mg</b> <b>167%</b> |
|----------------------------------------------------------------|---------------------------|

|                                            |                           |
|--------------------------------------------|---------------------------|
| <b>Vitamin B12</b><br>(as methylcobalamin) | <b>50 mcg</b> <b>833%</b> |
|--------------------------------------------|---------------------------|

|                                                                                       |  |
|---------------------------------------------------------------------------------------|--|
| <b>Proprietary Nitric Oxide Blend</b> <b>420 mg</b> *                                 |  |
| Beet Root Powder (root), Hawthorn Berry Extract (berry), L-citrulline, Sodium Nitrite |  |

**\*Daily Value not established.**

**Other ingredients:** mannitol, modified cellulose, xylitol, natural flavors, magnesium vegetable stearate, silica, stevia.

**US Patent NO's:** 8303995, 8962038, 9119823

**Suggested Use:** You may take up to 2 tablets per day during the restoration-loading phase. Take each tablet 12 hours apart. After 30-45 days, take only one tablet daily. Place one tablet in your mouth, dissolve or chew, and swallow. Do not place under tongue or swallow whole. Hydrate before and after taking to avoid mouth sensitivity.

This product is intended for adult consumption only, as children do not need to increase their levels of Nitric Oxide for the maintenance of overall good health and well-being.

**IMPORTANT INFORMATION:** This patented formula may help increase nitric oxide levels. Consult your physician prior to use if you are taking (1.) Organic nitrate medications such as nitroglycerin or isosorbide, (2.) Erectile dysfunction drugs since the combination of the two may cause an unsafe drop in blood pressure or (3.) Blood thinner medications or (4.) Medications related to lowering blood pressure. Discontinue use and contact your physician if you experience dizziness or fainting.
