Supplement Facts

Serving size 1 capsule
Servings per container 500

Amount per serving

Alpha-galactosidase enzyme 300 GALU*
(from *Aspergillus niger*, food grade mold)

*Daily value not established

Other ingredients: Gelatin (capsule), cellulose
Action: Complex indigestible sugars in many foods like beans, cabbage, broccoli, onions, pastas, soy products, and others, can ferment in your digestive tract, producing gas (flatulence). The enzyme in Bean-zyme, breaks these sugars down so they can be digested, thus reducing or eliminating the gas formed.**
Directions: *Per Serving* of problem food, swallow 1 capsule of Bean-zyme with first bite of food. Store in a cool dry place. Avoid heat. Do not cook with Bean-zyme. **Allergy:** if sensitivity occurs discontinue use.** Statements have not been evaluated by the FDA
