

VITAMIN C POWDER is a buffered non-acidic form of vitamin C that is gentle on your stomach. It can be used in high doses spread throughout the day.

During times of high vitamin C depletion (such as when you have a viral or bacterial infection) take 1 teaspoon (4 servings) every 4 hours to keep your immune system primed with vitamin C. Many chronic health challenges cause a depletion of vitamin C. Vitamin C Powder at 4-12 servings a day can help optimize vitamin C levels in these situations.

- Excellent immune system support
- Cardiovascular support
- Prevents free-radical damage
- Healthy aging support
- Bone health support

SUGGESTED USE: Take ¼ teaspoon or more, or as directed by a healthcare professional, dissolved in a glass of water or juice. Can be mixed in cold beverages. Take 1 teaspoon every 4 hours during times of high vitamin C depletion.

These statements have not been evaluated by the Food and Drug Administration (FDA). This product is not intended to diagnose, treat, cure or prevent disease.

HALLELUJAH DIET®

VITAMIN C POWDER
(CALCIUM ASCORBATE)

NET WT 4.2oz (120g)

Supplement Facts

240 Servings Per Container

Serving Size ¼ teaspoon (1.25 g)

	Amount Per Serving	%DV*
