

Also known as **Dong Chong Xia Cao**, because it was traditionally harvested from a rare species of caterpillar found in remote mountainous regions, **Cordyceps** is now produced through modern culturing techniques that have finally made its amazing nutritional benefits available to the western world. The very best **Cordyceps** comes from Tibet at locations above 3,500 meters high. Our **Cordyceps sinensis** is a pure, deep-layer extract that is certified free of yeast, mold or other microbes.

DIRECTIONS: As a dietary supplement, take one capsule three times per day with meals.

WARNING: KEEP OUT OF REACH OF CHILDREN. Do not use if outer seal band or inner safety seal is missing or damaged. Store in a cool and dry place.
