

PectaSol-C® Professional Modified Citrus Pectin is a natural blocker of galectin-3 (Gal-3) activity, an aging and cellular health biomarker. Research shows that healthy Gal-3 activity in the circulation supports healthy aging, cellular function, cardiovascular health and normal immune response. PectaSol-C® Professional is a clinically studied pectin extracted from the pith of citrus fruit peels and modified to a low molecular weight to increase its absorption into circulation and provide systemic benefits.*

- Supports Cellular and Cardiovascular Health*
- Promotes Healthy Immune Response*
