It's fun to feel good.

Jigsaw Adrenal Cocktail™ combines 400mg of Wholefood Vitamin C, Potassium Bicarbonate, and Redmond's Real Salt in a unique formulation designed to support healthy adrenal gland function.*

Vitamin C plays a critical role in adrenal function, including their ability to produce numerous hormones. In fact, the highest concentration of Vitamin C in your body is stored by your adrenal glands.*

Additionally, sodium and potassium do a delicate dance in your adrenals and are both vital minerals for normal adrenal function.*

Finally, stressed adrenals deplete your body's supply of magnesium. So complementing Jigsaw Magnesium supplements with **Jigsaw Adrenal Cocktail™** will help your body use magnesium more effectively.*

It's fun to feel good.

Adrenal Cocktail™

+ WHOLEFOOD VITAMIN C

Energize and replenish your adrenal glands.*

360 CAPSULES | NUTRITIONAL SUPPLEMENT

Supplement Facts

60 servings per container

Serving size

6 Capsules

	Amount per serving	% DV*
Vitamin C (wholefood Vitamin C as Acerola Fruit Extract)	400 mg	444%
