Holy Basil, known as Tulsi in India, has long been used for its health promoting properties. Following Tulsi's traditional use in Indian Ayurvedic Medicine, our Holy Basil Extract is a blend of three different plant varieties: Rama Tulsi and Krishna Tulsi (*Ocimum sanctum*) and Vana Tulsi (*Ocimum gratissimum*). Our Holy Basil is **Certified Organically Grown**, is carefully shade-dried, and is then thoroughly extracted.

007

LIQUID HERBAL EXTRACT

HOLY BASIL (Tulsi)
