## Opti**MetaboliX**®

No Added Sugar. No Stevia

#### **PROFESSIONAL USE ONLY**

Not for resale on third-party websites, including, but not limited to, Amazon° and eBay°.

**DIRECTIONS:** Blend, shake, or briskly stir the contents of one packet (46 g) into 8-10 oz chilled water and consume one to two times daily: or take one to two scoops approximately 20-30 minutes before each main meal; or use as directed by your healthcare professional.

Consult your healthcare professional prior to use. Not intended for use by pregnant or lactating women or children under 12. Individuals taking medication should discuss potential interactions with their healthcare professional. The labeling on this product does not comply with California's Proposition 65. Therefore, this product may not be sold in California.

STORAGE: Keep closed in a cool, dry place out of reach of

FORMULATED TO EXCLUDE: Wheat, gluten, yeast, soy protein, animal and dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, and artificial preservatives.

\$1. Quatrefolic\* S1. Quatrefolic\* is a registered trademark of Gnosis S.p.A. Produced under US Patent 7.947.662. S2. Albion® and TRAACS® are registered trademarks of Albion Laboratories, Inc.

S3. InSea2® is a registered trademark of innoVactiv Inc. S4. CinSulin® is a registered trademark of Tang-An Medical Ltd., manufactured under US patents 8,304,000 and 8,329,232.

S5. AMINOGEN® is a registered trademark of Innophos Nutrition, Inc. AMINOGEN® is protected under U.S. patent 5,387,422.

OptiMetaboliX™ is an exclusive combination of well-researched, clinically validated, and highly bioavailable ingredients that provides multimodal support for healthy insulin and glucose metabolism and related pathways. It features InSea<sup>2®</sup>—an optimized blend of purified polyphenols from wild-crafted brown seaweed. InSea<sup>2</sup> uniquely slows carbohydrate digestion and assimilation and can reduce the impact of high-glycemic foods. This newly developed, next generation dual carb controller is 100% natural, has an excellent safety profile, and is friendly to the gastrointestinal

OptiMetaboliX also delivers other innovative ingredients, including VegaPro<sup>™</sup>—a proprietary sugar-free, sweetener-free, low-allergy-potential source of vegetable protein from pea protein and rice protein—and CinSulin®, a patented water extract of cinnamon with a potent 10:1 yield ratio. Cinnamon has been studied extensively for its roles in supporting healthy glucose uptake, glycogen synthesis, and insulin action, along with maintaining blood lipids already within the normal range. These principal ingredients are complemented by the inclusion of benfotiamine to boost transketolase activity; alpha-lipoic acid; green tea leaf extract; vanadium, chromium, and zinc as Albion® TRAACS® chelates: 5-MTHF (bioactive folate) as Quatrefolic\*; fiber from inulin; and other key vitamins

To avoid the use of added sugar and the aftertaste of stevia, OptiMetaboliX is sweetened with monk fruit.

#CleanSeas

XYMOGEN is committed to reducing the amount of plastics used throughout our business, particularly in the packaging of our products. With our participation in the United Nations Environment Programme Clean Seas initiative, we strive to positively decrease our environmental footprint, providing results that can ultimately:

- » Help free the ocean of litter, making it safer for millions of marine animals.
- » Reduce the use of non-renewable resources.
- » Keep wild-caught seafood healthy and safe to eat.
- » Protect maritime economies such as organic fishing, tourism, and recreation.
