

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

It's *fun* to feel good.

Did you know there are **two types of muscle cramps**? That's right. If you start cramping during a match, that's a sign that your body is low in Potassium. If you cramp up after the match, or at night – that's a sign your body is low in Magnesium.\*

**Jigsaw Pickleball Cocktail™** is especially useful during long Pickleball tournament days and contains both Potassium and Magnesium — two key electrolytes. It also contains Redmond's Real Salt® which has important trace minerals that regular sodium-chloride doesn't have.

Finally, we don't use any sugar. Zero. Yes, sugar can give you a spike in energy... but that's really just a band-aid. And most people are (wisely) trying to limit their daily sugar intake!

**Product of the U.S.A.** with select ingredients thoughtfully curated from around the world.

**Should not be used if tamper evident seal is broken.  
Keep out of reach of children. Store in a cool dry place.**
