

Pureway-C® Plus™ utilizes a clinically tested form of Vitamin C that contains lipid metabolites and bioflavonoids. Published scientific research shows that Pureway-C® outperforms other leading forms of Vitamin C by absorbing more rapidly to achieve higher plasma and cellular levels for better benefits.*

Pureway-C® Plus™ includes L-Lysine, an essential amino acid that enhances and supports immune function and heart health. This unique formula also includes Quercefit™, a clinically tested bioflavonoid that utilizes phytosome technology for enhanced absorption, which further promotes immune, heart, and endothelial (skin) health.*

Product of the U.S.A. with select ingredients thoughtfully curated from around the world.
