

DEAR PICKLEBALL ADDICT,

Did you know there are **two types of muscle cramps**? That's right. If you start cramping during a match, that's a sign that your body is low in Potassium. If you cramp up after the match, or at night – that's a sign your body is low in Magnesium.*

JIGSAW PICKLEBALL COCKTAIL™ is especially useful during long Pickleball tournament days and contains both Potassium and Magnesium — two key electrolytes. It also contains Redmond's Real Salt® which has important trace minerals that regular sodium-chloride doesn't have.*

Finally, we don't use any sugar. Zero. Yes, sugar can give you a spike in energy... but that's really just a band-aid. And most people are (wisely) trying to limit their daily sugar intake!*

DIRECTIONS:
Pour packet into 16 oz bottle of cold water, shake & enjoy!
