

Move Free® For what moves you.

We believe in delivering clinically proven benefits to keep people connected to what they love most.

Move Free® Ultra Joint Plus Strong Bone Support uses a unique formulation with Type-II Collagen, Vitamin K2 and Vitamin D3:

Clinically proven to deliver better joint comfort that improves over time.*†,1

Plus helps bind calcium to bones to support and maintain bones.*,2

Plus helps support calcium absorption.*

About our ingredients:

What is Type-II Collagen? The same protein found in healthy cartilage, Type-II Collagen works with your immune system to help preserve and maintain cartilage.*

What is Vitamin K2? Vitamin K2 helps bind calcium to bones² and supports the building process for stronger bones.*

What is Vitamin D3? Vitamin D3 helps maintain healthy levels of Calcium and Magnesium, important minerals that support strong bones.*

***THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.**

‡ Undenatured Type-II Collagen

1. Based on a 180-day clinical study comparing 40mg Type-II Collagen to 1,500mg Glucosamine & 1,200mg Chondroitin [Lugo et al, Nutrition Journal, 2016].

2. Activates osteocalcin to bring calcium to bones for stronger bones.

Tiny & easy-to-take pill:

Taking big pills every day can be a challenge. With Move Free® Ultra Joint Plus Strong Bone Support, you just need to take 1 tiny pill a day to support your joint health* instead of 2 large Glucosamine + Chondroitin tablets.
