WHAT SHOULD I KNOW ABOUT THESE STRAWS?

does not contain
high fructose corn syrup, artificial flavors, or synthetic dyes and is gluten-free

only
2 grams of sugar in each straw

vegetarian
& does not contain milk allergen ingredients

compostable straw

HOW DOES THE STRAW WORK?

The unique patented filters on both ends keep the beads in the straw and allow your kiddo to sip from either end. With each sip, flavored beads begin to dissolve and infuse the milk with delicious flavor and a serving of probiotics. Not only does it taste yummy, but kids enjoy watching the beads work. You'll be surprised at how much fun they have finishing their drink.
