Easier to swallow tablets²

We know that taking big pills every day can be a challenge. That's why we have developed easier to swallow, smaller tablets than other leading joint care brands.² Our exclusive state-of-the-art technology allows us to pack the same amount of our powerful ingredients into a smaller tablet, making it easier to take every day for the best possible results.

USP has tested and verified ingredients, potency, and manufacturing process. USP sets official standards for dietary supplements. See www.uspverified.org

Move Free® is proud to support the Arthritis Foundation's efforts to conquer arthritis. For information, call 800-283-7800 or visit arthritis.org

KEEP OUT OF REACH OF CHILDREN.

Not for use by pregnant or breastfeeding women.

If on prescribed medication, consult your physician before use.

Not suitable for use by anyone under the age of 18 years old.

Protected with a tamper evident seal. Do not use if seal under cap is broken or missing.

Store in a cool, dry place with lid tightly closed.

Chondroitin Sulfate Sodium is derived from bovine, porcine, and/or avian sources.

FruiteX-B® FruiteX-B® Calcium Fructoborate is a registered trademark of VDF FutureCeuticals, Inc. FruiteX-B® Calcium Fructoborate is manufactured under US Patent #5,962,049 and pending foreign patents. Used under license from VDF FutureCeuticals, Inc.

HOW DOES MOVE FREE® WORK?

Move Free® Advanced supports 5 signs of joint health: mobility, flexibility, strength, lubrication, and comfort so you can do the things you love.*

Glucosamine:

Glucosamine is key for the formation of cartilage, an essential building block of your joints. Glucosamine also supports the **mobility** and **flexibility** you want in everyday life.*

Chondroitin:

Chondroitin is a building block of cartilage that supports joint **strength** by helping to resist compression in the joint. In the body, Chondroitin functions by attracting fluid to joints to support cushioning and **lubrication**.*

Uniflex® (FruiteX-B® Calcium Fructoborate):

Uniflex® is a clinically tested mineral complex that supports joint **comfort** in as little as 2 weeks.*¹

Hyaluronic Acid (HA):

Hyaluronic Acid is the same molecule found in healthy joint fluid. HA has been reported to support joint **lubrication** and smooth movement. As we get older, levels of HA tend to decrease.*
