

Recommended Dose:

Adults and Adolescents (12 years and older): Take 1 ampoule 1 to 2 times daily with meals or as recommended by your health professional.

Children (1-11 years): Take 1 ampoule once daily with a meal or as recommended by your health professional.

Squeeze contents directly into mouth. Use for 1 to 2 months or as recommended by your health professional.

Warning: If you have cancer, tuberculosis, or a history of tuberculosis, do not use. If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

Keep out of the reach of children. Do not use if ampoule is broken. Store in a cool, dry place. Contents may not fill package in order to accommodate required labeling. Please rely on stated quantity.
