

The food you put into your body can have a big impact on how you look, feel and work out. MET-Rx® Protein Plus was invented to give you the competitive advantage — especially when it comes to quality protein! Each high-protein serving provides better than a 5:1 ratio of protein to carbs to help meet your nutritional goals. Best of all, MET-Rx® Protein Plus contains no added sugar¹, corn syrup solids, mono- or diglycerides and is free of aspartame and hydrogenated oils — which means 0 grams trans-fats!

¹ Not a low calorie food. Some sugar naturally occurs in ingredients. See supplement facts panel for sugar and calorie content.

The Secret is in the Protein Source!

The renowned MET-Rx® protein formulation consists of METAMYOSYN®, which combines premium whey protein isolates and casein proteins, plus L-Glutamine and naturally occurring Branched Chain Amino Acids from protein — Isoleucine, Leucine and Valine. Whey is a fast-acting protein while casein is slow-acting, which results in a more prolonged absorption rate to extend the delivery of amino acids to muscles.* Milk protein is a natural source of whey and casein. MET-Rx® Protein Plus gives you a firm nutritional basis to help build lean muscle in a low-fat, great tasting formula.*

Use MET-Rx® Protein Plus any time of the day including:

Immediately After Exercise: Makes an excellent post-workout shake by providing fast digesting proteins for immediate muscle support plus slow-digesting proteins for extended amino acid delivery and recovery.*

With Meals: Drink along with your meal to increase the overall protein quality and content. You can also mix into oatmeal or add to recipes such as pancake and waffle mixes.

In Between Meals: Keeps levels of amino acids elevated so your body doesn’t go into a catabolic state that may otherwise lead to muscle loss.*

Before Bed: The high content of slow-digesting proteins in MET-Rx® Protein Plus makes it a perfect before-bed supplement as it provides “time-released” amino acid delivery to your body.

Use in conjunction with an intense daily exercise program and a balanced diet including an adequate caloric intake.

Contents are sold by weight. Some settling may occur.

Perfect anytime, anywhere, MET-Rx® Protein Plus is your power protein source!

KEEP OUT OF REACH OF CHILDREN. STORE AT ROOM TEMPERATURE AND AVOID EXCESSIVE HEAT. TAMPER RESISTANT: DO NOT USE IF SEAL UNDER CAP IS BROKEN OR MISSING.

Ingredients: METAMYOSYN® Protein Blend (Milk Protein Concentrate, Calcium Sodium Caseinate, Whey Protein Isolate, L-Glutamine, Egg White), Natural and Artificial Flavors, Guar Gum, Cellulose Gum, Xanthan Gum, Sucralose, Sunflower Lecithin.

Contains milk and egg ingredients.

Made in a facility that also processes peanuts, tree nuts, soybean, wheat, sesame, shellfish and fish.

Directions: Add one to two (1-2) scoops of powder with 6-16 ounces of cold water or milk and mix thoroughly in a blender. Increase or decrease the amount of liquid to achieve desired consistency. Drink 1-2 servings per day. As a reminder, discuss the supplements and medications you take with your health care providers.

WARNING: If you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

TYPICAL AMINO ACID PROFILE			
(milligrams per 28.5 g scoop****)			
Essential Amino Acids		Nonessential Amino Acids	
Histidine	688 mg	Alanine	732 mg
Isoleucine	1,111 mg	Arginine	741 mg
Leucine	2,000 mg	Aspartic Acid	1,682 mg
Lysine	1,663 mg	Cysteine	214 mg
Methionine	557 mg	Glutamic Acid	5,724 mg
Phenylalanine	946 mg	Glycine	369 mg
Threonine	1,060 mg	Proline	1,958 mg
Tryptophan****	301 mg	Serine	1,125 mg
Valine	1,304 mg	Tyrosine	983 mg

****L-Tryptophan is naturally occurring, not added.
