LIQUID HERBAL EXTRACT

LINDEN

Tilia spp.
Flower with Bract

HERBAL DIETARY SUPPLEMENT
4 Fluid Ounces (118.4 ml)

We prepare our Linden Extract from the flowers of *Tilia* spp. trees which are Custom WildcraftedSM in their natural wild habitat.

To assure optimal extraction of Linden's bioactive compounds, the flowers (with bracts) are hand-harvested in mid-summer just as they are blooming, are carefully shade-dried to retain their full color & aroma, and are then thoroughly extracted.

Our Linden is never fumigated or irradiated.

Dry flower / menstruum ratio: 1 : 4

Contains certified organic grain alcohol (32-42%), distilled water, vegetable glycerine & Linden extractives.
