

Solgar® has been crafting nutritional supplements for generations—over 70 years. And just like all of our supplements, U-Cubes™ Calcium with D3 Gummies benefit from the extensive science and knowledge behind our name.

These beneficial gummies can be taken alone or in combination with Solgar U-Cubes™ Multivitamin Gummies. Each serving of U-Cubes™ Calcium with D3 provides the pediatrician-recommended dosage of Vitamin D3, [15 mcg] [600 IU] per 4 gummies, which offers 75% DV for children 4 years and older and [7.5 mcg] [300 IU] per 2 gummies, which offers 50% DV for children 2 and 3 years of age. Vitamin D3 assists in the absorption of calcium to promote healthy bones and teeth.* It also supports immune-system health.

U-Cubes™ Calcium with D3 Gummies are made the Solgar way. That means that they're crafted in small batches to help ensure the highest quality. They're also non-GMO plus rigorously tested for safety and potency. The result? A great-tasting gummy that U can be sure is great for your children.

*The American Academy of Pediatrics recommends children and adolescents receive 15 mcg [600 IU] of Vitamin D per day. These gummies provide [15 mcg] [600 IU] per 4 gummies for children 4 and up and [7.5 mcg] [300 IU] per 2 gummies for children 2 to 3.
