

**WHEY IS AN EXCELLENT SOURCE OF PROTEIN
BECAUSE OF ITS HIGH BIOLOGICAL VALUE (BV):**

WHEY IS THE PROTEIN OF CHOICE BECAUSE OF ITS:

- efficient utilization in the body due to its high BV
- natural source of branched chain amino acids
- natural source of lactalbumin and immunoglobulins

Solgar® Whey To Go® Protein Powder

- COMPLETE ESSENTIAL AMINO ACID PROFILE • HIGH BIOLOGICAL PROTEIN VALUE
- HIGHLY EFFICIENT CROSS-FLOW MICRO-FILTERED WHEY ISOLATE*
- NON-CHEMICAL WHEY EXTRACTION PROCESS
- WITH FREE-FORM L-GLUTAMINE • FREE-FORM BRANCHED CHAIN AMINO ACIDS (BCAA'S)
- GLUTEN FREE • MADE WITH NATURAL FLAVORS AND NO ARTIFICIAL SWEETENERS
- LOW IN FAT • EASY TO MIX

Solgar® Whey To Go®

Protein Powder is a highly efficient, advanced protein enhancement product.* It is formulated with a blend of uniquely processed whey protein isolate and whey protein concentrate. Cross-flow micro-filtration adds to Whey To Go® Protein Powder's amino acid availability, absorption and utilization.*

Solgar® Whey To Go®

Protein Powder also includes the two beneficial ingredients, Free-Form L-Glutamine and Free-Form Branched Chain Amino Acids (BCAA's), plus the naturally occurring amounts from whey. L-Glutamine plays a significant role in supporting protein metabolism.* BCAA's are directly involved in protein synthesis and help support muscle nitrogen and a free amino acid pool during exercise.* Both L-Glutamine and BCAA's are used by muscle tissue as a source of energy.*

In addition, **Solgar® Whey To Go®** Protein Powder is gluten free and low in fat. Plus, its deliciously rich chocolate flavor blends easily and tastes great. The product can also be mixed in water or your preferred source of lactose-free food such as sauces, muffins, pancakes and other bake mixes. It is an excellent way to add high quality whey protein to your daily caloric intake.

***Daily Value (DV) not established.

Ingredients:

Whey Protein Isolate[†], Fructose (from Sugar Beets), Whey Protein Concentrate[†], Cocoa (processed with alkali), Natural Flavors, L-Glutamine, BCAA's blend (L-Isoleucine, L-Leucine, L-Valine). Contains <1% of: Cellulose Gum, Medium Chain Triglycerides.

Contains milk.

Suggested Use:

As a dietary supplement for adults, mix 35 grams (approx. 1 scoop) in 8 ounces of water or your preferred source of milk and blend or shake vigorously. Please note the additional calories and/or protein provided by your favorite type of milk.

*The whey used in this product is obtained from cows not treated with rBGH, recombinant bovine growth hormone. No significant difference has been shown between milk derived from rBGH-treated and rBGH-untreated cows.

If you are pregnant, nursing, taking any medications or have any medical condition, please consult your healthcare practitioner before taking any dietary supplement. Discontinue use and consult your healthcare practitioner if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under lid is missing or damaged.

† Naturally occurring; therefore amount may vary.

†† Supplying β-lactoglobulin, α-lactalbumin, casein glycomacropeptide, immunoglobulin, bovine serum albumin, residual caseins, protease peptides, and lactoferrin.

This product is packed by weight not by volume—settling will occur.

Typical Amino Acid Profile per Serving****

Essential Amino Acids

L-Histidine.....	340 mg
L-Isoleucine.....	1450 mg
L-Leucine.....	2230 mg
L-Lysine.....	1830 mg
L-Methionine.....	420 mg
L-Phenylalanine.....	600 mg
L-Threonine.....	1410 mg
L-Tryptophan (naturally occurring).....	380 mg
L-Valine.....	1310 mg

Non Essential Amino Acids

L-Alanine.....	990 mg
L-Arginine.....	430 mg
L-Aspartic Acid.....	2180 mg
L-Cysteine.....	410 mg
L-Glutamic Acid.....	4720 mg
Glycine.....	330 mg
L-Proline.....	1150 mg
L-Serine.....	890 mg
L-Tyrosine.....	550 mg
