Grass Fed

Antler Farms® whey protein isolate is a pure, 100% natural, grass fed, undenatured whey protein isolate derived from milk of grass fed cows. Our cows are naturally healthy, raised outdoors in the Canterbury region of beautiful New Zealand where they feed on green pasture year round.▲

Clean Protein

Antler Farms® whey protein isolate contains no growth hormones, no antibiotics, no chemicals, no pesticides and no GMOs. It is gluten free and soy free. There are no preservatives, artificial colors, flavors or sweeteners. Our whey protein isolate is processed using a proprietary ion exchange and ultra-filtration technique that completely preserves the biological nature of the protein, increases the protein concentration, and removes lactose and fat. The result is a premium whey protein isolate product with a high protein content, superior bioavailability and rapid absorption.▲
