

Grass-Fed

Antler Farms® Collagen Protein is 100% pure hydrolyzed collagen sourced from grass-fed, pasture-raised cows. Our cows are naturally healthy and raised outdoors in beautiful New Zealand without the use of growth hormones, antibiotics, chemicals or GMOs.▲

Clean, Pure Collagen

Antler Farms® Collagen Protein is derived from top grade gelatin extracted from bovine hides. Using an enzymatic hydrolyzation process, collagen peptides are isolated, purified and concentrated to create collagen that is clean, pure and comprised of 97% protein.▲

Highly Bioavailable

Antler Farms® Collagen Protein is optimized molecularly to be easily digested. It is highly bioavailable, rapidly absorbed and perfectly soluble in hot or cold liquids.▲
