

DIRECTIONS: To assess individual tolerance, for the first three days, start with one (1) Rapid-Release Caplet, taken with a glass of water three (3) times daily, approximately 30 minutes before your three main meals. Do not snack after dinner or between meals. For days 4 and beyond, follow the chart below. Do not exceed two (2) caplets in a 4-hour period and/or six (6) caplets in a 24-hour period. Do not take within 5 hours of bedtime.

For best results use *Pro Clinical Hydroxycut™* for 8-12 weeks in conjunction with a calorie-reduced diet and regular exercise program. Consume 8-10 glasses of water per day. Read the entire label before use and follow directions.

Day 1 to Day 3	1 caplet, 3x daily
Day 4 & Beyond	2 caplets, 3x daily

Lose 7 Times More Weight – It Really Works!*

Data analysis of the results from both clinical trials on the key ingredients in *Pro Clinical Hydroxycut™* showed there is statistical significance for test subjects losing 7 times more weight than placebo subjects.*

Increase Energy for Your Busy Lifestyle!*

³New *Pro Clinical Hydroxycut™* also contains an ingredient (caffeine anhydrous [1,3,7-trimethylxanthine]) that supports increased energy, so you can keep up with your busy lifestyle!*

Rapid-Release Caplet Technology

New *Pro Clinical Hydroxycut™* is encased with rapid-release caplet technology — designed for enhanced solubility and quick dispersal.

PRO CLINICAL HYDROXYCUT™ vs. **Placebo**
Lose Weight*^{1,2}

New Pro Clinical Hydroxycut™ – It Really Works!

New *Pro Clinical Hydroxycut™* is the latest weight-loss innovation from America's #1 Selling Weight-Loss Supplement Brand '07-'08.** The *Hydroxycut™* brand is a leader with a 15-year commitment to excellence! Adding new *Pro Clinical Hydroxycut™* to a diet and exercise plan gives you the power to lose weight fast — as shown in 8- and 12-week studies!^{1,2}

Lose Weight and Reduce BMI with Clinically Proven Ingredients!*

The clinically tested key ingredient combination is proven effective in clinical studies to provide faster weight-loss results than diet and exercise alone.*

¹In **study one**, a 12-week third-party, randomized, double-blind, placebo-controlled clinical study, test subjects using the key ingredients (*Hydroxyprovia™*, *Alchemilla vulgaris*, *Olea europaea*, *Cuminum cyminum*, *Mentha longifolia*) in *Pro Clinical Hydroxycut™* lost an average of 20.94 lbs. versus the placebo group who lost an average of 1.70 lbs. Test subjects also significantly reduced BMI versus the placebo group (10.2% vs 0.9%). Both groups followed a calorie-reduced diet.*

²In **study two**, an 8-week randomized, double-blind, placebo-controlled clinical study funded by the makers of *Hydroxycut™*, test subjects using the same key ingredients lost an average of 16.50 lbs. vs 1.73 lbs. for the placebo group. Test subjects also significantly reduced BMI versus the placebo group (8.1% vs 0.8%). Both groups followed a calorie-reduced diet.*
