

Directions: Cordyceps is a genus of mushrooms with a long history of use in Traditional Chinese Medicine and have become a popular ingredient in dietary supplements for aging support and athletic performance support. In addition to these benefits, Cordyceps supplements are also used to support cardiovascular health and help support blood glucose levels.*

Suggested Use: As a dietary supplement, take 2 capsules per day on an empty stomach. Do not exceed 4 capsules in one day.

Storage: Store in a cool, dark place. Do not freeze or expose to moisture or heat above room temperature.
