

DHEA is a naturally occurring hormone produced by the body, which plays a key role in over 150 metabolic functions. DHEA supplements boost production of natural growth hormones that help to build lean muscle mass and reduce fat accumulation. DHEA's benefits are most pronounced in adults over the age of 30, after which natural levels begin to decline.*

Suggested Use: For adults, take one (1) capsule daily or as directed by your healthcare professional.

Storage: Store in a cool, dark place. Do not freeze or expose to moisture or heat above room temperature.

WARNING: NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS. DO NOT USE IF YOU ARE PREGNANT, NURSING OR ARE A WOMAN OF CHILDBEARING AGE. Consult a physician or licensed qualified health care professional before using this product if you are a woman, or if you have a family history of, have or have had prostate cancer, prostate enlargement, breast cancer, hormone-sensitive disorder, heart disease, low "good" cholesterol (HDL), high blood pressure, diabetes, an autoimmune disorder, liver disease, kidney disease, thyroid disorder, psychiatric problems, pernicious anemia, nervousness, anxiety, seizure disorder, stroke, are under age 40 or if you are using any other dietary supplement, prescription drug, including MAO inhibitors, or over-the-counter drug or have any other medical condition. Do not exceed recommended serving. Exceeding recommended serving may cause serious adverse health effects. Possible side effects include acne, oily skin, hair loss, hair growth on the face (in women), increased perspiration, aggressiveness, irritability and increased levels of estrogen. Discontinue use and call a physician or licensed qualified healthcare professional immediately if you experience rapid heartbeat, dizziness, blurred vision, insomnia, tremors, nervousness, unwanted hair growth, deepening of voice, headache, weight gain, mood changes, high blood pressure, changes in blood lipid levels, breast tenderness, menstrual irregularities or other similar symptoms.

Discontinue use and consult your doctor immediately if any adverse reactions occur. Do not take DHEA and operate any heavy machinery until you know how it affects you. Keep out of reach of children.

DHEA
