Dry pericarp / extract ratio: 1 : 1

Other Ingredients: Grain alcohol (67-77%) & distilled water.

We use a **triple percolation process** which creates, without heat, a more concentrated extract which contains a broad-spectrum of Milk Thistle's silymarin flavonoids (silybin, silydianin and silychristin).

We prepare our Milk Thistle Extract from the pericarp (seed coat) of *Silybum marianum* plants which are Custom Wildcrafted™ in their natural wild habitat and are never fumigated or irradiated.
