

Lion's Mane (*Hericium Erinaceus*) is a dietary mushroom commonly taken as a supplement for cognitive support and immune system support. Lion's Mane is one of the few available supplements that has been shown to support levels of nerve growth factor (NGF) in the brain, which is an important peptide for supporting nerve cell health.*

Suggested Use: As a dietary supplement, take 2 capsules in the morning with food. A second dose may be taken later in the day.

Storage: Store in a cool, dark place. Do not freeze or expose to moisture or heat above room temperature.

WARNING: Consult your physician before using this product. Do not consume more than 6 capsules per day. Do not take this product if you are pregnant, nursing, or taking any other medications.

Discontinue use and consult your doctor immediately if any adverse reactions occur. Do not use Lion's Mane and operate any heavy machinery until you know how it affects you. Keep out of reach of children.
