

EVIDENCE-BASED

Menthariil™ intestinal comfort formula* includes oil extracts of peppermint, rosemary, and thyme to support gastrointestinal function, soothe discomforts, and help reduce occasional gas.* An enteric-coated softgel is used because it allows the essential oils to move through the stomach to the small intestine and eventually to the colon, where they are released for optimum benefit.*

Contains no sugar, salt, yeast, wheat, gluten, corn, soy, dairy products, artificial flavoring, or preservatives. All colors used are from natural sources.
