

SUGGESTED DOSAGE:

2-3 capsules 2-4 times daily between meals. For early onset of normal aches and pains, use the higher dosage and frequency within the first 24-48 hours. Reduce the dosage and frequency as the condition improves.

CAUTION:

If taken during menstruation, may increase blood flow.* Do not take during pregnancy or nursing. At higher doses, do not take this formula longer than 2 weeks at a time. Stop for 1 week before resuming another 2 week course.
