ASTAXANTHIN

Astaxanthin is a carotenoid, a natural pigment found in a variety of foods. Believed to be the most powerful antioxidant in nature, it's ability to fight free-radicals is many times higher than Vitamin C. Astaxanthin benefits heart and brain health, energy and endurance levels, and research shows supplementation with astaxanthin increases immune response.*

FRESH NUTRITION

Our goal is to create high-quality natural products using both organic and responsibly sourced ingredients to optimize health and well-being.
