

Reishi Mushroom (*Ganoderma lucidum*) is a mushroom which grows in various humid environments throughout Asia and has long been a staple in traditional Asian medicinal practices. Its primary benefit is to support immune system health by promoting the activity of white blood cells. It may also support fatigue tolerance, cardiovascular health, and is a potent antioxidant.*

Suggested Use: As a dietary supplement, take 2 capsules per day on an empty stomach. Do not exceed 4 capsules in one day.

Storage: Store in a cool, dark place. Do not freeze or expose to moisture or heat above room temperature.
