

Product Information: Rhodiola Rosea is a flowering herb that grows in cold, high-altitude regions of Europe and Asia. When taken as a supplement it has been shown to support neuro-protection, support stress tolerance, and promote energy levels. These benefits are derived primarily from the Salidroside content as well as the Tyrosol content.*

Suggested Use: As a dietary supplement, take 1 capsule in the morning or as needed. Some studies have shown taking too high a dose may actually decrease response. We don't recommend taking more than 2 capsules at one time.

Storage: Store in a cool, dark place. Do not freeze or expose to moisture or heat above room temperature.

WARNING: Consult your physician before using this product. Do not consume more than 4 capsules per day. Do not take this product if you are pregnant, nursing, or taking any other medication.

Discontinue use and consult your doctor immediately if any adverse reactions occur. Do not take Rhodiola Rosea Extract and operate any heavy machinery until you know how it affects you. Keep out of reach of children.
