

EVIDENCE-BASED

Panplex 2-Phase combines pancreatic enzymes with hydrochloric acid and pepsin for healthy digestion support.* Phase I provides hydrochloric acid and pepsin for release in the stomach.* Phase II provides pancreatin and bile salts in a unique, chemical-free delayed-release matrix designed to protect against deactivation of enzymes by stomach acids.*

Recommendations: Take 1 or 2 tablets three times daily with meals, or as directed by your healthcare practitioner. **Do not chew. Not recommended for use if peptic ulcer, gastritis or heartburn is present.** If pregnant, nursing, or taking prescription drugs, consult your healthcare practitioner prior to use.

Contains no sugar, salt, yeast, wheat, gluten, corn, soy, dairy products, artificial coloring, artificial flavoring, or preservatives. This product contains natural ingredients; color variations are normal.
