capsule), cellulose, calcium laurate, silicon dioxide

Recommendation: Take 1 or 2 capsules at the beginning
of each meal or as recommended by your healthcare
professional.

Caution: While Gluten Manager will reduce the level of
reactive gliadin and gluten proteins in a meal, it is advised
that celiac disease sufferers continue with their normal
gluten exclusion diet as even small amounts of gliadin
can cause adverse reactions in the most sensitized
individuals. If you are pregnant, nursing, or taking
prescription drugs, consult your healthcare professional
prior to use.
