THERAPEUTICS, INC.

# PANTETHINE PLUS™

Triple Action

*Proven to help reduce cholesterol†*

90 TABLETS

Dietary Supplement

Triple-Action Pantethine Plus™ clinical formula is a combination of two clinically-studied ingredients—pantethine and phytosterols—that work together in three ways to help reduce LDL and total cholesterol.†

- Supports healthy cholesterol production\*
- Limits absorption of cholesterol from food\*
- Limits re-absorption of cholesterol from bile\*

†Scientific evidence proves that including plant sterols in your diet helps to lower blood total and LDL cholesterol levels. Following a diet low in saturated fat and cholesterol, and consuming 400 mg or more of plant sterols twice a day may reduce the risk of heart disease.
