Oregano Spirits™ is a blend of the plant extract and the essential oil of *Origanum vulgare* plants. The extract is made from **Certified Organically Grown** plants and the essential oil is distilled from plants that are **Custom Wildcrafted™** in their natural wild habitat in the mountains of Turkey. To assure optimal potency, flavor and aroma, the cultivated and wildcrafted Oregano plants are hand-harvested as they are flowering and are then carefully shade-dried. The essential oil is steam-distilled (solvents are never used).
