

0 90700 00201 5

We prepare our Pau d'Arco Extract from the dried inner bark of purple-flowered *Tabebuia impetiginosa* trees, which is Custom Wildcrafted™ in the highland jungles of Paraguay.

To assure optimal extraction of Pau d'Arco's bioactive compounds, we use only the inner bark which is hand-harvested and carefully sun-dried by the indigenous Guarani Indians and is then thoroughly extracted.

LIQUID HERBAL EXTRACT

PAU D'ARCO

(Lapacho • Taheebo)

Tabebuia impetiginosa
